Do you mind sending me the IAR response to comments file? I'll send it to Maureen for 508'ing as well.

Hi Vicki, I submitted the clearance in STICS and put you as the TIM. Hopefully I didn't mess anything up too horribly! I didn't put in a description in the text boxes for purpose and abstract (I was going to steal wording from one of my previous clearances, but I couldn't seem to access them in STICS).

I'll fix the files, put me in as the TIM. Let me fix the files first.

Sounds like we are good to go as far as the courtesy redlines.

Next step, initiate clearance in STICS (me), and fix the formatting things Vicki pointed out.

Vicki can you remove the line numbers yourself or does it need to go back to SRC?

I've started filling out the clearance form. The new EPA # is: Ex. 6 Personal Privacy (PP)

I have the new science inventory number from Maureen.

I noticed that Crystal is out until tomorrow and Taukecha is out until the 9th. Who should I assign as the TIM?

-K

Subject: RE: Redline and Final BaP Files

Hi Kathleen,

I was looking through the redline files quickly this morning and I saw that there are still a few pages with line numbers in both documents. The main tox review has line numbers on pages XIV and XV and the supplemental file has line numbers in Appendix E. Also the EPA number wasn't updated yet on the cover page yet.

1. I think it is still OK to send out these redline files as they are – these are simple formatting things that we can fix – Gina do you agree?
2. Before the final word files go to Maureen for 508, they should have the line numbers removed and also have the new EPA number put in.

Thanks!

Vicki

Subject: Redline and Final BaP Files

Hi all – Attached to this email are the HERONet redline files and final HERO BaP files. Feel free to take a look at the files. I've put the pdf and word files on the shared drive locations for our records. I'll send Maureen the final HERO files tomorrow after we send out the redlines.

Thanks!

Dahnish
